News Release

FOR IMMEDIATE USE BEFORE OCTOBER 9, 2018

**Avantor® to Feature Biopharmaceutical Capabilities,
New Brand Presence at CPhI Worldwide in Madrid**

Portfolio addresses pharmaceutical and biopharmaceutical needs at all stages of production

New brand identity follows acquisition of VWR

Radnor, PA (USA) – September 27, 2018 – [Avantor®](#) will showcase its solutions to address pharmaceutical and biopharmaceutical needs at all stages of the production process at [CPhI Worldwide 2018](#), October 9-11 in Madrid.

Avantor will also display a new logo and visual identity, launched following the acquisition of VWR last November, that signals the company's position as a leading global provider of products, services and solutions for the life sciences and advanced technology industries.

The company will showcase its portfolio for biopharmaceutical production in **booth 8G91**, with highlights including:

- **Production chemicals** of the highest quality and consistency, including cell culture supplements, buffers, surfactants, process chromatography resins and a full array of excipients
- **Single-use solutions** such as tank liners, tube sets, manifolds, connectors and filtration systems for upstream, downstream and final fill and finish processing
- **Sera** including fetal bovine serum and calf serum sourced from a fully certified supply chain for traceability by the International Serum Industry Association (ISIA)
